FINE WINES and BRANDIES

The juice of the grape is given to him who will use it wisely:

As that which cheers the heart of man after toil.

Refreshes him in sickness, and comforts him in sorrow.

He who enjoyeth it may thank God for his wine cup as for his daily bread.

And he who abuses the gift of Heaven is not a greater fool than thou in thine abstinence.

—Scott.

THE GUARD STANDS HIGH

Major McClellan's Report Is Here.

War Department Gives Hawaiian Soldiers Credit.

Co. "F" Said to Be the Best Guard Company— Report on Inspections.

Col. J. H. Soper, Adjutant-General of the Hawaiian National Guard, has received from Washington a report of the regular army inspection of the regiment during the year. The report was made to the War Department by Col. McClellan and sent back by Col. Parker of the Thirteenth Cavalry, who is also Acting Assistant Adjutant-General.

The following is the extract from the report of Major John McClellan, Artillery Corps, sent to the War Department, Washington, of his inspection of the National Guard, Territory of Hawaii:

I have the honor to enclose herewith Inspection Reports in duplicate of the field staff, and band, and of seven companies of the National Guard Regiment of Hawaii.

This much of the regiment is stationed in Honolulu and was reviewed and inspected by me on May 30th.

The two battalions made a good appearance at review and inspection. The men marched well and officers saluted properly.

It appeared that the companies are not properly equipped for the field in several particulars, but that a requisition was made by the Governor March 31, 1903, for blankets, ponchos, camp colors, tents, and camp equipment, including shelter tents, for the regiment.

The regiment had none of the U. S. standard magazine arms and no return is therefore made for them.

The regiment is sufficiently armed, uniformed and equipped for service in the field in these islands.

The regiment has not had any practice marches nor camps of instruction during the year ending June 30, 1903, but has had one regimental drill, two battalions, April 19, and same day had skirmish drill, sham battle and volley firing, 208 men. On July 4th, regiment had field practice, and target practice with field pieces at 1700 yards' range, 327 men.

In September the regiment with 283 officers and men had skirmish firing at 100, 200 and 500 yards.

Some companies had two battalion drills and some had four.

The regiment has been turned out a number of times for parade and review and claims to have had seven regimental drills.

The regiment was reviewed by the Governor, February 21st, 1903, and gave an exhibition drill, artillery drill with

Hotchkiss guns and also a competitive Infantry Drill between three companies, all of which were excellent, witnessed by myself and a board of officers whom I appointed as judges.

It was inspected once during the year by its Colonel.

I would recommend that the Springfield rifle and accompanying equipments be turned in, and this regiment be furnished with U. S. magazine arms and equipments therefor.

The following remarks were also made by Major McClellan on the above inspection:

The field and staff presented a good appearance at review and inspection of the regiment.

Company D—This company made a very creditable showing at review and drill, marching steadily and showing a readiness to learn drill and improve. The captain is a German who evidently understands something about discipline, and will, if the opportunity affords, make a good company of this one. But he states that owing to the frequent rains and to fact that they have no armory, or proper drill shed, at Hilo, he has but few opportunities for much drill or inspection. What is reported as a drill shed, he states, is a hall where they have meetings, but have not room for much drill.

Company F—This company is extremely well drilled in company drill, and presents a neat and soldierly appearance. This is the best and largest company in the regiment and marches extremely well.

Its discipline is shown by its only having six absentees from inspection. This is one of the best drilled companies of national guard that I have ever seen anywhere.

WHAT IS PAIN BALM?

Chamberlain's Pain Balm is a liniment and, while adapted to all the ordinary uses of a liniment, has qualities which distinguish it from other remedies of this class. Pain Balm is especially beneficial for rheumatism. Thousands of cases can be cited in which it has effected a cure when the sufferer had previously tried the best medical service without securing relief. Pain Balm is positively guaranteed to give relief in the most severe cases of chronic or acute rheumatism.

Pain Balm heals bruises, burns and scalds in less time than any other treatment. It is "antiseptic" that is, it prevents putrefaction and by so doing, generally prevents an unsightly scar remaining after the injury is healed. For lame back, lumbago and neuralgia, Pain Balm has no equal. It has the quality of "getting to the right spot." No sufferer from these distressing affections should defer a trial of this remedy. One application gives relief. Try it. Benson, Smith & Co., Ltd., Wholesale Agents sell it.

A Bulletin Blunder.

The public was misled by an item originally published in the Bulletin about the composition of the Board of Directors of the Hawaiian Sisal Co., Ltd. The correct list of officers is as follows: President, August Dreier; vice-president, Wm. H. Hoogs; secretary, H. W. S. Edmunds; treasurer, W. H. Pain; auditor, A. W. T. Bottomley; but these do not constitute the Board of Directors. The latter are August Dreier, Wm. H. Hoogs, Robert Catton, W. T. Lucas and James Wakefield. There are 385 applications for shares locally and 6000 from California.

Jack—"I hear you are going to marry Miss Prettyun. Permit me to congratulate you on your excellent taste." Tom—"But the engagement is off. I'm not going to marry her or any one else." Jack—"Indeed! Then allow me to congratulate you on your good sense."—Chicago Evening Post.

AFTERNOON DISPATCHES FROM ASSOCIATED PRESS

NEW YORK, N. Y., Sept. 14.—Refined sugars were reduced two cents a hundred pounds today.

NEW YORK, N. Y., Sept. 14.—Napoleon Sarony, the famous photographer, died today.

PARIS, France, Sept. 14.—A Russo-Austrian note has been received by the Powers indicating that Russia and Austria will not support Turkey or Bulgaria in event of hostilities.

PEKING, China, Sept. 14.—Chung Tung, director of Commerce, is urging the Chinese ministers to prevail on Prince Ching to reject Russia's demands for delay in Manchuria evacuation.

LONDON, England, Sept. 14.—Joseph Chamberlain, Secretary of the Colonies, was hooted in the streets today on his way to the Cabinet meeting. Chamberlain's protective policy is very unpopular with the masses.

TAMPA, Florida, Sept. 14.—A terrific hurricane is sweeping over Florida and the adjoining Gulf States. Present reports announce that seven persons have lost their lives in the storm, many have been injured, and several vessels are reported ashore. The loss in Tampa and vicinity will reach a million dollars.

TOLEDO, Ohio, Sept. 14.—The monument to the late President McKinley was today unveiled with imposing ceremony. Senator Hanna presided at the exercises. Senator Fairbanks of Indiana delivered the oration of the day. The function was attended by the leading officials of the State and a large concourse of citizens, among whom were many of the late President's personal friends and associates.

LONDON, England, Sept. 14.—The extraordinary session of the Cabinet today to discuss the national fiscal policy and Oriental and Balkans situation was one of the most momentous assemblies in the recent history of the country.

The fiscal conditions were first taken up and Secretary Chamberlain's proposition for a change from the present status was strenuously opposed by Mr. Ritchie, Chancellor of the Exchequer. It is probable that Ritchie will resign if the change is forced.

In dealing with the Oriental situation it comes out that both Japan and Great Britain will protest separately against the latest demand of Russia that it be allowed to postpone the evacuation of the Amur district. Japan has made a vigorous demand that evacuation shall take place as proposed by Russia in its answer to the Powers.

Conditions in the Balkans are regarded as not calling for immediate action. No action will be taken to avert possible war.

British consols today dropped to 89 1-4, the lowest figure ever reached in recent years. The cause for this is the war talk and the uncertainties of the stability of the Balfour Cabinet.

FIFTH DISTRICT CAUCUS

(Continued from Page 1.)

offices and the day may bring forth many changes. The Fifth District caucus yesterday upset a good many slates. The only men really certain now of nomination are A. M. Brown for sheriff and R. N. Boyd for surveyor. Then in the Fifth F. Pahia and C. E. Dwight will be nominees for supervisor, while Robinson, Lucas and Hustace are reasonably certain of being chosen from the Fourth.

The fight for clerk is still between Vida, Savidge, and Murray, with the likelihood of Savidge and Murray friends uniting against Vida, in the event of a deadlock.

S. E. Damon seems still to be ahead in the race for treasurer, while the county attorneyship lies between Rawlins and Cathcart. Cathcart's chances have improved and he may get the nomination although Rawlins is still said to lead. For auditor Sherwood is said to be ahead. Campbell and White are still in the fight with the chances favoring the former.

There is to be another caucus in the Fifth this afternoon at headquarters. Judge Hookano has called the meeting for two o'clock and the caucus may upset things again. The Fourth district will not caucus before evening, although efforts will be made today to get some sort of compromise ticket through.

SAFETY AND CONSERVATISM

With the sound business standing of the Phoenix Savings, B. & L. Association, its large permanent capital which guarantees against loss to all stockholders; the immense confidence induced by the strong financials at the head of it (who put up this Reserve) are sufficient to place it above all petty jealousies and other Associations. Remember every one who GOES OUT in the Phoenix helps the ONES WHO STAY. Limited amount Class "A", 60 cent stock for sale. ROBT. SLAUGHTER, General Agent, Judd building.

A South Sea Islander, at the close of a religious meeting, offered the following prayer: "O God, we are about to go to our respective homes. Let not the words we have heard be like the fine clothes we wear—soon to be taken off and folded up in a box till another Sabbath comes around. Rather, let Thy truth be like the tattoo on our bodies—ineffaceable till death."
